NO to 16TAC - 401.305 & 401.312

I believe all winners should receive the same exact percentage of sales - No winner should receive more or less than other winners. Pay us what we have coming - nothing more and nothing less. We do not approve of the TLC paying the amount they advertise. That figure should represent ONLY the estimated amount the winners will receive.

NO to 16TAC - 401.302 - Scratch Tickets

I believe the TLC should tell players how many scratch tickets were printed and how many prizes there are for each prize before selling the tickets. This information should be available at EVERY retail outlet for people who inquire. Do not delete paragraph "K" that states, "a game report must be completed showing the number of prizes claimed at the end of each game." This information should be a matter of public record.
